COST**
of Health Insurance

A new tax credit helps
lower- and middle-income families

1 Do I Qualify?

If you answer **NO** to ALL of these questions, you may qualify:

- 1. **Does your employer offer health insurance?** YES NO
- 2. **Do you receive Medicare?** YES NO
- 3. **Does your family make *more* than the yearly income below?** YES NO

FAMILY SIZE	YEARLY INCOME
1	\$45,960
2	\$62,040
3	\$78,120
4	\$94,200
5	\$110,280
6	\$126,360

If your income is near these amounts, you may still qualify.

2 How Does the New Tax Credit Work?

What is this tax credit?

The Health Premium Tax Credit reduces the total amount of tax you owe the IRS. If you don't owe, you can get a bigger refund. You get the tax credit to help cut the cost of your health insurance.

Can I use my tax credit for any health plan?

NO. You MUST buy your health insurance from:

Health Insurance Marketplace
1-800-xxx-xxxx
Healthcare.gov

This new marketplace offers a wide variety of health plans with good benefits. All plans cover prescriptions, hospital stays, doctor visits and more. If you buy different coverage, you won't get the tax credit help.

How much help will I get?

The amount depends on your family income and your family size. Lower income families get the most help.

When does it start?

The tax credit begins with insurance that starts January 1, 2014 — or later.

What if your income changes each month?

Talk to your Marketplace about taking a partial credit. Your monthly premiums will still be lower but not as much. By taking the rest at tax time, there is less chance of repayment.

What if your new job offers health insurance?

Call your state's Marketplace. You may no longer be eligible for your tax credit.

AVOID REPAYMENTS!

Claudia and Patrick's story

"In January, we decided to take the tax credit in advance. On August 1, I got a new job that increased our income so we no longer qualified for the tax credit. We forgot to tell our Health Marketplace. At tax time, we had to pay back \$2,000."

Tax credit they got over 12 months	\$4,800
Amount they should have gotten since credit ended in August	– \$2,800
Amount they must pay back	\$2,000

Remember: You control how much tax credit you use in advance.
