BRIEFING INVITATION

Consumers Union invites you to a briefing to learn about its new report: “*Consumer Impacts of California’s Low-Carbon Transportation Policies.*”

The report, conducted by ICF International, analyzes the consumer impacts of California’s primary policies to lower carbon emissions in the transportation sector, including: the Low Carbon Fuel Standard, light-duty vehicle greenhouse gas standards, the Zero Emission Vehicle Program, sustainable communities strategies (Senate Bill 375), and the AB 32 Cap-and-Trade Program.

Date: Thursday, March 31, 2016
Time: 1:30 p.m. – 2:30 p.m.
Location: Room 126

Speakers:
**Shannon Baker-Branstetter, Policy Counsel on Energy and Environment, Consumers Union.** Ms. Baker-Branstetter has expertise in California and federal policy aimed at reducing carbon and other emissions from the transportation and electric utility sectors.

**Dr. Philip Sheehy, Senior Technical Specialist, ICF International.** Dr. Sheehy led the ICF team in conducting the analysis for “*Consumer Impacts of California’s Low-Carbon Transportation Policies.*” Dr. Sheehy's experience in the transportation and energy sectors focuses on the regulatory, technical, and economic drivers for conventional and alternative fuels and advanced vehicle technologies.

**Sekita Grant, Environmental Equity Legal Counsel, Greenlining Institute.** Ms. Grant is part of the Environmental Equity team, where she works to make energy and climate policies in California equitable and beneficial to communities of color.
